JOURNAL OF HEREDITY

1919

INDEX FOR VOL. X

Journal of Heredity, 1919

Aaronsohn, Aaron, Dramatic Career of. David Fairchild, 276.
Adzuki Bean, A Unifoliate Mutation in the. A. F. Blakeslee, 153.
Alfalfa, Twinning in. W. Southworth, 182.
American Crops, Restricted Entry of Plants to Protect, 87.
American Families, Better, II. Wilhelmine E. Key, 80.
American Families, Better, III. Wilhelmine E. Key, 107.
American Genetic Association, Present Condition and Opportunity of the. David Fairchild, 65.
Americans, Portraits of Early. F. A. Woods, 212.
Animals in Peru, Domestication of. O. F. Cook, 176.
Apple, Effect of Cross-Pollination on Size, Color, Shape and Quality of the, 10.
Aristocracy and Politics. Prescott F. Hall, 166.
Avery, B. T., Jr., and Blakeslee, A. F. Mutations in the Jimson Weed, 111.

Bad Habit, The First—Sucking its Thumb. David Fairchild, 370.
Bamboo Grove, The Barbour Lathrop. David Fairchild, 243.
Bartlett, J. Gardner. The Increase, Diffusion and Decline of the Mayflower and Other New England Stock, 141.
Bean, Adzuki, A Unifoliate Mutation in, 153.
Beans, Olneya. O. F. Cook, 321.
Bees, Hermaphrodite, 160.
Better American Families. Wilhelmine E. Key, 11; II, 80; III, 107.
Biology and Government. O. F. Cook and R. C. Cook, 250.
Biology and Politics. Walter Sonneberg, 139.
Birds, Do They Show a Monogamous Instinct? 181.
Births, Multiple, A Strain Producing. C. B. Davenport, 382.
Blakeslee, A. F. A Unifoliate Mutation in the Adzuki Bean, 153.
Blakeslee, A. F., and Avery, B T., Jr. Mutation in the Jimson Weed, 111.
Blueberry, A Commercially New. G. E. Murrell, 271.
Bolshevism, Racial Limitations of. F. A. Woods, 188.
Brain Cells, Deficiency in Number Found to be Correrelated with Deficiency in Intellect, 369.
Breeding, The Founders of the Art of. H. F. Roberts, 99; II, 147; III, 229; IV, 257.
Breeding Milk Goats. J. W. Thompson, 156.
Breeding Timothy at Svalöf. Hernfrid Witte, 291.
Breed in Poultry and Pure Breeding. William A. Lippincott, 71.
Bud Sport, A Remarkable, of Pandanus. John H. Schaffner, 376.
Bud Variations in Sugar Cane. Carl S. Pomeroy, 129.
Bud Variation in Le Grande Manitou Dahlia, 367.
Butter Fat vs. Body Fat. T. I. Mairs, 79.

Cancer, Heredity of, 89.
Carabao, The Gestation of the. B. M. Gonzales, 374.
Careers, The Dramatic, of Two Plantsmen. David Fairchild, 276
Cattle, A Defect of Hair and Teeth in—Probably Hereditary. Leon J. Cole, 303.
Cemeteries, Why Should They Not Preserve Our Life Records? David and Marian Fairchild, 353.
Census of 1920, Population Schedule. H. H. Laughlin, 208.
Chimeras in Corn Hybrids. J. L. Collins, 3.
Chromosomes, Twins Prove the Importance of. Frederick Adams Woods, 423.
Coat Color, The Inheritance of, in Great Danes. C. C. Little and E. E. Jones, 309.
Cole, Leon J. A Defect of Hair and Teeth in Cattle—Probably Hereditary, 303.
Cole, Leon J. An Early Family History of Color Blindness, 372.
Collins, G. N. Fossil Ear of Maize, 170.
Collins, J. L. Chimeras in Corn Hybrids, 3.
Color Blindness, An Early Family History of. Leon J. Cole, 372.
Color, Coat, The Inheritance of, in Great Danes, 309.
Color Variations in the Green Frog, Two Striking. P. W. Whiting, 127.
Conklin, Edwin G. Heredity and Democracy, 161.
Cook, O. F. Domestication of Animals in Peru, 176.
Cook, O. F. Olneya Beans, 321.
Cook, O. F., and R. C. Biology and Government, 250.
Corn Hybrids, Chimeras in. J. L. Collins, 3.
Cowpeas, New Hybrid, 175.
Craig, W. T., and Love, H. H. Fertile Wheat-Rye Hybrids, 195.
Craig, W. T., and Love, H. H. The Synthetic Production of Wild Wheat Forms, 51.
Crops, American, Restricted Entry of Plants to Protect, 87.
Cross-Pollination, Effect of on Size, Color, Shape and Quality of the Apple, 10.
Cushman, Allerton S. Growing Medicinal Plants in America, 32.

Dahlia, A Bud Variation of Le Grande Manitou. A. D. Shamel, 367.
Dairying, 135.
Danforth, C. H. Resemblance and Difference in Twins, 399.
Davenport, C. B. A Strain Producing Multiple Births, 382.
Davis, Robert L. Plant Breeder's Envelope, 168.
Democracy and Heredity. Edwin G. Conklin, 161.
Democracy and Heredity. Alleyne Ireland, 360.
Democracy and Heredity, Discussion of Article on. Madison Grant, 164.
Democracy and War Instinct, and Eugenics, 254.
Determination of Disputed Parentage as a Factor in Reducing Infant Mortality. Roswell H. Johnson, 121.
Disputed Parentage, The Determination of, as a Factor in Reducing Infant Mortality. Roswell H. Johnson, 121.
Domestication of Animals in Peru. O. F. Cook, 176.
Dorsey, M. J. A Note on the Dropping of Flowers in the Potato, 226.
Drieberg, C. A Freak Papaw, 207.
Dropping of Flowers in the Potato. M. J. Dorsey, 226.

Effect of Cross-Pollination on Size, Color, Shape and Quality of the Apple, 10.
Entry of Plants, Restricted, to Protect American Crops, 87.
Envelope, Plant Breeder's. Robert L. Davis, 168.
Eugenics, The War Instinct and Democracy. A. T. Winters, 254.
Eye, The Relation of Hereditary Defects of, to Genetics and Eugenics. Lucien Howe, 379.

Fairchild, David. The Barbour Lathrop Bamboo Grove, 243.
The Dramatic Careers of Two Plantsmen, 276
Present Condition and Opportunity of the American Genetic Association, 65.
Testing New Foods, 17.
The First Bad Habit—Sucking its Thumb, 370.
Twins, 387.
Fairchild, David and Marian. Why Should Not Cemeteries Preserve Our Life Records? 353.
Families, Better American, II; III. Wilhelmine E. Key, 11, 80, 107.
Fat, Butter, vs. Body Fat. T. I. Mairs, 79.
Fertile Wheat-Rye Hybrids. H. H. Love and W. T., Craig, 195.

Fighting Ability of Different Races, 29; Second Letter, 173.
First-Born, Families of the, 160.
Food, A New Source of, for Plants, 307.
Foods, Testing New. David Fairchild, 17.
Forage Plant from the Solanaceae Family. B. H. Hunnicutt, 185.
Fossil Ear of Maize. G. N. Collins, 170.
Founders of the Art of Breeding. H. F. Roberts, 99; II, 147; III, 229; IV, 257.
Frog, Green, Color Variations in the, 127.

Genetics, A Laboratory Manual of. A Review, 39.
Genetic Values, and War. D. S. Jordan, 223.
Germ Plasm, Carriers of the, 422.
Gestation of the Carabao. B. M. Gonzalez, 374.
Goats, Breeding Milk. J. W. Thompson, 156.
Gonzalez, B. M. The Gestation of the Carabao, 374.
Good Qualities are Correlated. Frederick Adams Woods, 84.
Government and Biology. O. F. Cook and R. C. Cook, 250.
Grant, Madison. Discussion of Article on Democracy and Heredity, 164.
Great Danes, The Inheritance of Coat Color in. C. C. Little and E. E. Jones, 309.
Green Frog, Two Striking Color Variations in the. P. W. Whiting, 127.

Hair and Teeth, A Defect of, in Cattle—Probably Hereditary. Leon J. Cole, 303.
Hall, Prescott F. Aristocracy and Politics, 166.
Immigration Restriction and World Eugenics, 125.
Hawaii, A Race Mixture in. Vaughan McCoughey, 41, 90.
Heredity and Democracy, Discussion of Article on. Madison Grant, 164.
Heredity and Democracy. Alleyne Ireland, 360.
Heredity and Democracy. Edwin G. Conklin, 161.
Heredity, Definition of—"Nature vs. Nurture" Not a Good Expression. Frederick Adams Woods, 426.
Hereditary Eye Defects, The Relation of, to Genetics and Eugenics. Lucien Howe, 379.
Heredity, Human, A Common Misconception Concerning, 275.
Heredity of Cancer, 89.
Horse Situation, A Dangerous, 333.
Howe, Lucien. The Relation of Hereditary Eye Defects to Genetics and Eugenics, 379.
Hunnicutt, B. H. A Forage Plant from the Solanaceae Family, 185.
Hybrid, A Supposed Sheep-Goat, 357.
Hybrids, Corn, Chimeras in. J. L. Collins, 3.
Hybrid, New Cowpeas, 175.
Hybrids, Fertile Wheat-Rye. H. H. Love and W. T. Craig, 195.

Immigration of Orientals, The, 110.
Immigration Restriction and World Eugenics. Prescott F. Hall, 185.
Immigration, Some Present Aspects of, 68.
Inbreeding Live Stock. G. Pusch, 88.
Increase, Diffusion, and Decline of the Mayflower and Other New England Stock. J. Gardner Bartlett, 141.
Infant Mortality, The Determination of Disputed Parentage as a Factor in Reducing. Roswell H. Johnson, 121.
Inheritance of Coat Color in Great Danes. C. C. Little and E. E. Jones, 309.
Inheritance of Continuous and Discontinuous Variations, 191.
Instinct, Do Birds Show a Monogamous, 181.
Intellect, Deficiency in, Found to be Correlated with Deficiency in the Number of Brain Cells, 369.
Intelligence, Estimating, 352.
Ireland, Alleyn. Democracy and Heredity, 360.

Jimson Weed, Mutations in the. A. F. Blakeslee and B. T. Avery, Jr., 111.
Johnson, James. An Improved Strain of Wisconsin Tobacco, 281.
Johnson, Roswell H. The Determination of Disputed Parentage as a Factor in Reducing Infant Mortality, 121.
Jones, E. E., and Little, C. C. The Inheritance of Coat Color in Great Danes, 309.
Jordan, D. S. War and Genetic. Values, 223.

Key, Wilhelmine E. Better American Families, 11.
Better American Families, II, 80.
Better American Families, III, 107.

Laboratory Manual of Genetics, A Review, 39.
Lathrop, Barbour, Bamboo Grove. David Fairchild, 243.
Laughlin, H. H. Population Schedule Census of 1920, 208.
Lippincott, William A. The Breed in Poultry and Pure Breeding, 71.
Little, C. C., and Jones, E. E. The Inheritance of Coat Color in Great Danes, 309.
Live Stock, Inbreeding. G. Pusch, 88.
Love, H. H., and Craig, W. T. Fertile Wheat-Hybrids, 195.
The Synthetic Production of Wild Wheat Farms, 51.

Mairs, T. I. Butter Fat vs. Body Fat, 79.
Maize, A Fossil Ear of. G. N. Collins, 170.
Manual of Genetics, Laboratory. A Review, 39.
Mayflower and Other New England Stock, The Increase, Diffusion, and Decline of. J. Gardner Bartlett, 141.
MacCaughey, Vaughan. Race Mixture in Hawaii, 41, 90.
Medicinal Plants, Growing, in America, 32.
Mental Tests, Army, 190.
Meyer, Frank N., Dramatic Career of. David Fairchild, 276.
Milk Goats, Breeding. J. W. Thompson, 156.
Murrell, G. E. A Commercially New Blueberry, 271.
Mutation, A Unifoliate, in the Adzuki Bean, 153.
Mutations in the Jimson Weed. A. F. Blakeslee and B. T. Avery, Jr., 111.

New Everbearing Strawberries. W. Van Fleet, 14.
New Foods, Testing. David Fairchild, 17.

Olneya Beans. O. F. Cook, 321.
Orientals, The Immigration of, 110.

Pandanus, A Remarkable Bud Sport of. John H. Schaffner, 376.
Papaw, A Freak. C. Drieberg, 207.
Parentage, Disputed, Determination of, as Factor in Reducing Infant Mortality, 121.
Patterson, J. T. Polyembryony and Sex, 344.
Peru, Domestication of Animals in. O. F. Cook, 176.
Pigs, Pure-bred, 138.
Plant Breeder's Envelope. Robert L. Davis, 168.
Plant Food, A New Source of, 307.
Plants, Entry of, Restricted, to Protect American Crops, 87.
Plants, Medicinal, Growing in America, 32.
Plantsmen, Dramatic Careers of two. David Fairchild, 276.
Politics and Aristocracy. Prescott F. Hall, 166.
Politics, Biology and. Walter Sonneberg, 139.
Polyembryony and Sex. J. T. Patterson, 344.
Pomeroy, Carl S. Bud Variations in Sugar Cane, 129.
Population Schedule Census of 1920. H. H. Laughlin, 208.
Portraits of Early Americans. F. A. Woods, 212.
Potato, A Note on the Dropping of Flowers in the. M. J. Dorsey, 226.
Poultry, The Breed in, and Pure Breeding. William A. Lippincott, 71.
Problems, Racial and World, 28.

355712

Protozoa, Variation, Selection and Mutation in One of the, 143.
Prune, Origin of a New and Improved French Variety. A. D. Shamel, 339.
Pupils, Differentiation of Bright, Medium, and Dull, 172.
Pusch, G. Inbreeding Live Stock, 88.

Qualities, Good, Are Correlated. Frederick Adams Woods, 84.

Rabbit Raising, 124.
Race Mixture in Hawaii. Vaughan MacCaughey, 41.
Races, The Fighting Ability of Different, 29, 173.
Racial Limitation of Bolshevism, The. F. A. Woods, 188.
Racial Origins and the Honors of War. F. A. Woods, 332.
Racial Problems and World Problems, 28.
Records, Life, Why Should Not Cemeteries Preserve Them, 353.
Restricted Entry of Plants to Protect American Crops, 87.
Roberts, H. F. The Founders of the Art of Breeding, 99.
The Founders of the Art of Breeding, II, 147.
The Founders of the Art of Breeding, III, 229.
The Founders of the Art of Breeding, IV, 257.
Roosevelt, Theodore, The Genius of, and His Place among Historic Personalities. F. A. Woods, 300.
Rose, New Pillar. W. Van Fleet, 136.

Schaffner, John H. A Remarkable Bud Sport of Pandanus, 376.
Sex and Polyembryony. J. T. Patterson, 344.
Sex-Ratio, A Factor Influencing the, 256.
Sexual Question. A Book Review, 334.
Shamel, A. D. A Bud Variation of Le Grande Manitou Dahlia, 367.
Origin of a New and Improved French Prune Variety, 339.
Sheep-Goat Hybrid, A Supposed, 357.
Sires, Use of Pure-bred, 135.
Solanaceae Family, A Forage Plant from the. B. H. Hunnicutt, 185.
Sonneberg, Walter. Biology and Politics, 139.
Southworth, W. Twinning in Alfalfa, 182.
Strawberries, New Everbearing. W. Van Fleet, 14.
Sugar Beets, 13.
Sugar Cane, Bud Variations in. Carl S. Pomeroy, 129.
Synthetic Production of Wild Wheat Forms. H. H. Love and W. T. Craig, 51.

Teeth, and Hair, A Defect of in Cattle—Probably Hereditary. Leon J. Cole, 303.
Terry, J. R. A Wingless Wyandotte, 175.
Testing New Foods. David Fairchild, 17.
Thompson, J. W. Breeding Milk Goats, 156.
Thumb Sucking, The First Bad Habit. David Fairchild, 370.
Timothy, Breeding of, at Svalöf. Hernfrid Witte, 291.
Tobacco, An Improved Strain of Wisconsin. James Johnson, 281.
Twins. David Fairchild, 387.
Twins, Physical Correspondence in Two Sets of Duplicate. Harris Hawthorne Wilder, 410.
Twins Prove the Importance of Chromosomes. Frederick Adams Woods, 423.
Twins, Resemblance and Difference in. C. H. Danforth, 399.

Van Fleet, W. New Everbearing Strawberries, 14.
New Pillar Rose, 136.
Variation, Selection and Mutation in One of the Protozoa, 143.
Variations, The Inheritance of Continuous and Discontinuous, 191.

War and Genetic Values. D. S. Jordan, 223.
War, Honors of, and Racial Origins. F. A. Woods, 332.
War Instinct, Democracy, and Eugenics, 254.
Wheat-Rye Hybrids, Fertile. H. H. Love and W. T. Craig, 195.
Whiting, P. W. Two Striking Color Variations in the Green Frog, 127.
Wild Wheat Forms, The Synthetic Production of. H. H. Love and W. T. Craig, 51.
Wilder, Harris Hawthorne. Physical Correspondence in Two Sets of Duplicate Twins, 410.
Wingless Wyandotte, A. J. R. Terry, 175.
Winters, A. T. Eugenics, The War Instinct and Democracy, 254.
Witte, Hernfrid. Breeding Timothy at Svalöf, 291.
Woods, Frederick Adams. Definition of Heredity—"Nature vs. Nurture" Not a Good Expression, 426.
Good Qualities are Correlated, 84.
Portraits of Early Americans, 212.
Racial Limitations of Bolshevism, 188.
Racial Origins and the Honors of War, 332.
The Genius of Theodore Roosevelt and His Place among Historic Personalities, 300.
Twins Prove the Importance of Chromosomes, 423.
World Problems and Racial Problems, 28.
Wyandotte, A Wingless. J. R. Terry, 175.
